WISHEB

The screenshot shows the WISHEB system interface. At the top, there is a navigation bar with links: 订单管理 (Order Management), 运营管理 (Operations Management), **客服管理** (Customer Service Management) (which is highlighted with a red box), 报表看板 (Report Dashboard), 系统管理 (System Management), and 应用中心 (Application Center). Below the navigation bar, there is a sidebar with sections: 首页 (Home), 仓库退件 (Warehouse Returns), and Amazon订单 (Amazon Orders). A message at the top of the sidebar says: "温馨提醒 : Wish邮V1版本将于2016年9月13日全". The main content area has tabs for eBay客服管理 (eBay Customer Service Management), Amazon客服管理 (Amazon Customer Service Management), Aliexpress客服管理 (Aliexpress Customer Service Management), Wish客服管理 (Wish Customer Service Management), 客服任务 (Customer Service Tasks), RMA管理 (RMA Management), 费用管理 (Expense Management), and 邮件设置 (Email Settings). The Wish客服管理 tab is also highlighted with a red box. On the left side of the main content area, there is a "批量修改寄件人信息" (Batch Modify Shipment Sender Information) button and a table with columns: NO. and 店铺账户/WishPost ID. A message below the table says: "当前搜索条件下, 没有符合您需要的数据, 可调整". On the right side, there is a "系统操作/Operations" section with fields: 店铺账户 (Shop Account), Token (Token), Token过期时间 (Token Expiry Time), Refresh Token (Refresh Token), WishPost ID (WishPost ID), and a group of five input fields for寄件人姓名 (Recipient Name), 寄件人省名 (Recipient Province), 寄件人城市名 (Recipient City), 寄件人电话 (Recipient Phone), and 寄件人地址 (Recipient Address), which are all enclosed in a red box.
