The screenshot shows the 'Amazon 跟卖投诉管理' (Amazon Complaint Management) interface. The top navigation bar includes '易合科技' (EHE Technology) and menu items: '订单管理', '运营管理', '客服管理', '报表看板', and '系统管理'. The main content area displays a table of complaints with columns for product information, seller ID, operator, time, and status. The first row is highlighted in yellow and shows a complaint for ASIN B0772J8CD1 from seller 'homelody' (A3QAYM78J985P4). The second row shows a complaint for ASIN B06VWR5J6X from seller 'homelody' (Amazon). A '下测试单' (Generate Test Order) button is highlighted with a red box in the first row's action menu. The bottom of the interface features a pagination control showing 'Page 1 of 22'.

The screenshot shows the same 'Amazon 跟卖投诉管理' interface, but with a '下测试单' (Generate Test Order) modal dialog open. The dialog has a title bar with a close button. It contains a '处理时间' (Processing Time) field with a calendar icon, a '备注' (Remarks) text area, and '保存' (Save) and '取消' (Cancel) buttons at the bottom. The background table is dimmed, showing the same list of complaints as in the first screenshot.
